EASY FOOD S.R.L.

Website: www.easynduja.it • Social: FB/IG

COMPANY PROFILE

Easy Food Srl is a company based in Calabria, which operates in the food processing and innovation sector. Specifically, in 2014 Easy Food focused its efforts on the development of a new packaging for the original Calabrian 'nduja of Spilinga, the most famous spicy spreadable salami in the world. For the first time, a single-dose sachet of nduja without preservatives or dyes is produced and distributed in Italy and Europe, respecting the Calabrian tradition. The old image of nduja stuffed in a casing or jar to be kept in the refrigerator is completely distorted. The advantages of a small 10g dose are that of not wasting the product, of using only what is necessary and of being able to serve it in the restaurant together with sauces such as ketchup and mayonnaise. Thanks to its natural spiciness, nduja increases beverage consumption, without the use of sugars or hydrogenated fats present in industrial sauces. The restaurateurs in addition to obtaining an economic advantage by presenting the single-serving of nduja at the table, offer a typical product with new gastronomic combinations. Even private individuals can buy the comfortable single-dose in the gdo / retail channel which are presented in blister packs of 5 pcs, with counter or shelf displays, preferably near the cured meats. Together with the packet of nduja a new format makes its debut on the market: it is the Squeeze !!!.

Also in this case the product is above all the Squeeze !!! soft and easy to handle, it allows you to use nduja faster also for seasoning and decorating dishes. The Squeeze !!! fully replaces the classic nduja casing, obtaining great success among operators as the finely ground nduja speeds up the preparation time for bruschetta, pizzas and many other dishes. While compared to the glass jar, there is a clear saving for transport and storage space. Counter and floor displays are also available for this format for better visibility. To conclude, all our products are free of preservatives and dyes, use only Italian meats and Calabrian chilli peppers and enjoy a shelf life of 18 months. Our efforts on research and development have allowed us to innovate packaging respecting tradition.

AZIENDA AGRICOLA MINNITI ISMAELE

Website: www.oliominniti.it • Social: [olio_minniti](#)

COMPANY PROFILE

I am Ismaele Minniti and I produce quality extra virgin olive oil on my farm which is located in Calabria, more precisely in the province of Reggio Calabria, in the municipality of Motta San Giovanni.

I am a young agricultural entrepreneur who wanted to bet on his own territory, a territory where it is worth staying and enhancing it.

The Minniti Farm is an idea that I began to develop when I was a child, when, following my grandfather Domenico in the work on the family olive grove, I began to be passionate about olive growing. I owe him my love for the land and attention to environmentally friendly agriculture. My agronomic studies and the determination to give continuity to a profession undertaken 70 years ago by my family, have started a more modern vision of olive growing without losing sight of the values of the past: respect for the environment and protection of agricultural biodiversity.

What motivates me every day is the love for this job and the commitment to pursue the same values passed on to me: care, dedication, study.

PRODUCTS / PRODUCT DETAILS

- 1 - Oil produced by simultaneously pressing olives and bergamots in the mill
- 2 - Bergamot fresh fruit to use for infusions, herbal teas, peel, juice
- 3 - oil that comes from the Carolea olive variety, native to Calabria. The oil has a medium fruitiness, with hints of apple, almond, artichoke on the nose.
- 4 - Hand-crushed olives preserved in extra virgin olive oil with wild fennel, garlic, and chili pepper.
- 5 - Black olive pâté is a thick, smooth spread made by grinding the flesh of ripe olives and mixing it with extra virgin olive oil.
- 6 - 100% Bergamot Marmalade

DOLCI PECCATI S.R.L.

Website: www.sgambelluri.it

COMPANY PROFILE

Sgambelluri is an artisanal confectionery company in Calabria, Italy.

For over 40 years, with love and passion, we have put to good use all the secrets of the art of pastry making, crafting them with great personality to create sweet delights including pastries, panettone, colomba (a type of cake made with colomba), Easter eggs, traditional Calabrian sweets, and nougat, the cornerstone of our entire production.

Here, pure almond nougat finds its highest expression.

We are an artisanal company that produces a wide range of confectionery products that we can define as "little joys for the palate." Our products are pastry marvels, the result of combinations of flavors and sublime raw materials. Indeed, these are also an expression of Calabrian culture, the character of its people, and the pastry-making tradition that has left an indelible mark.

The careful selection of ingredients and expert preparation give each product a unique, time-honored flavor. The choice to use pure Avola almonds and local produce guarantees a high-quality result.

GALLUZZO GROUP S.R.L. - SOCIETA' AGRICOLA

Website: <https://calabrianfood.webnode.it/>

COMPANY PROFILE

The project idea stems from a vision of high quality and refinement for genuine and authentic Calabrian products, conceived by Sole Director and partner, Dr. Pietro Galluzzo, who, together with his brothers and parents, founded the family company, Galluzzo Group Srl, in May 2020. The aim was to consolidate all existing activities, including the launch of a production of typical Calabrian products. The company, primarily dedicated to mixed farming and agritourism, is also active in the import-export sector. It was born from the experience of the Galluzzo family, who have been involved in agriculture for three generations, always committed to permanent and semi-permanent crops mixed with animal husbandry, where they passionately produce their products in the mountains on the Ionian side of the Aspromonte National Park.

PRODUCTS / PRODUCT DETAILS

- 1 - Superior category oil from the "Ottobratica" variety, typical of Eastern Aspromonte
- 2 - Our olives in brine are made following the traditional Calabrian recipe,
- 3 - Our Grandma's Black Olives or commonly called "Dead Olives" in Calabria,
- 4 - Our stuffed peppers are a typical dish of the peasant tradition
- 5 - Sun-dried tomatoes in oil are a true delicacy. Only the best tomatoes are selected.
- 6 - The traditional recipe for aubergines with Calabrian vinegar releases the aromas and flavours
- 7 - The Aspromonte figs are dried in the sun according to the traditional method

LA SPINA SANTA S.R.L. - SOCIETA' AGRICOLA

Website: www.laspinasanta.it

COMPANY PROFILE

The Autelitano family settled on the farm called "La Spina Santa" in the early 1900s, situated in Bova Marina (RC), a small village full of history and traditions beautifully sited in the middle of the Greek Area, surrounded by marvelous green hills full of bergamot trees.

The story of the present day firm started from that moment on. Born at first as a farm then changed throughout the years. These days Spina Santa offers a wide selection of liquors, sweets and bergamot delicacies. All along with care and craftsmanship in preparing, picking and manufacturing all that concerns citrus fruit to give good and genuine products. They are dedicated to the production of artisanal liqueurs, for example Bergaspina (bergamot liqueur), Lemonspina (the classic limoncello), Nerizia (liqueur made with liquorice root from Calabria), Amaro grecanico (traditional bitter liqueur), Bergacream (a liqueur cream made with bergamot), Lemoncrem (also a liqueur cream).

Then they produced "Kaciuto", is an amaro made with an infusion of licorice, laurel leaves, wild fennel seeds and bergamot peel. These ingredients are steeped in alcohol, allowing their flavors to meld and mature. This amaro is characterized by its complex and robust flavor, with a harmonious balance of bitter and aromatic notes. Also it is produced using traditional methods, and it is unfiltered reflecting the time-honored techniques of Calabrian liqueur making

Website: www.essenzabergamotto.com • Social: FACEBOOK E ISTAGRAM

COMPANY PROFILE

Since 2007, Patea Group has been dedicated to enhancing the value of one of Calabria's most precious natural treasures: Reggio Calabria Bergamot. Rooted in the heart of Southern Italy, the Group combines tradition, innovation, and expertise to produce premium-quality Bergamot Essential Oil, natural ingredients, and a carefully selected range of agri-food specialties for customers worldwide. Located on the Ionian Coast of Calabria, Patea Group manages every stage of the production process through a fully integrated supply chain, ensuring complete traceability and consistent quality from the orchard to the finished product. The Group is composed of Patea Srl, responsible for sales and international distribution; Azienda Agricola Patea, which oversees the cultivation of citrus groves and the processing of raw materials; and BERGAMIA Soc. Coop., a cooperative of more than 200 local growers committed to preserving the excellence of the region's agricultural heritage. The Group's flagship product is Bergamot Essential Oil, extracted from the fresh peel using a cold mechanical extraction process that preserves the fruit's delicate aroma and its naturally occurring compounds. Available in Conventional, Organic, PDO (Protected Designation of Origin), and FCF (Furocoumarin-Free) grades, our essential oil meets the highest international standards of quality, safety, and traceability, making it an ideal ingredient for the fragrance, cosmetics, aromatherapy, food flavouring, and nutraceutical industries. Building on its expertise in bergamot, Patea Group has also developed a distinctive range of gourmet food products that celebrate the authentic flavours of Calabria. The collection includes Bergamot Marmalade, Bergamot Dressing, Bergamot-Flavoured Honey, and Bergamot-Flavoured Pasta, alongside a selection of premium fruit juices, including Bergamot, Orange, Pomegranate, and Blueberry, as well as traditional Almond Milk. Every product is made from carefully selected ingredients using gentle processing methods that preserve their natural flavour, aroma, and nutritional value. The company's passion for local traditions is also reflected in its collection of premium liqueurs. Bergamot Liqueur, Cardus Amaro, and Cardus Cream Liqueur are crafted from selected citrus fruits, aromatic herbs, and natural ingredients, combining authentic Calabrian recipes with modern production standards to create products with a distinctive Mediterranean character. Today, Patea Group is recognized as a reliable partner for companies operating in the food, flavour and fragrance, cosmetics, pharmaceutical, and nutraceutical sectors. Through continuous investment in research, innovation, sustainability, and supply chain integration, the Group is committed to bringing the unique quality and authenticity of Reggio Calabria Bergamot and the finest products of Calabria to customers around the world.

COMPANY PROFILE

Our company specializes in the production of artisanal Calabrian cured meats from the Aspromonte black pig. We use only natural ingredients and the finest Calabrian meats, drawing on ancient techniques passed down from our ancestors. To distinguish some of our products, we've chosen Reggio Calabria bergamot to enhance the quality and uniqueness of our Aspromonte black pig cured meats, resulting in Nerella bergamot-flavored mortadella, Nerone bergamot-flavored cooked ham, and bergamot-flavored nduja.
